Chapter: Community Corrections  
Rule: Case Management and Parole  
Supervision

Effective: 09/29/06  
Replaces: 4301  
Dated: 06/01/99

A.R.S.	A.C.A.	Case Management Standards
A.R.S. §41-2804, 41-2816		1.1, 1.3, 6.15

The Arizona Department of Juvenile Corrections (ADJC) Community Corrections Case Management personnel and Parole Officers shall provide a continuum of case management services for juveniles from the date of commitment to ADJC until the date of discharge. Services shall include effective, individualized program development; supervision; accountability; transportation; and advocacy for juveniles on conditional liberty status.

---

**Definitions:**

1. **Case Management** - employees who directly or indirectly supervise and/or provide services to juveniles.
2. **Courtesy Supervision** - supervision provided by the receiving state as requested by the sending state.
3. **Specialized Caseloads** - a grouping of juveniles with specific needs supervised by parole officers that have been trained to understand and manage those needs and behaviors unique to those juveniles.

4. **Regional Behavioral Health Authority (RBHA)** - the agencies under contract with Arizona Department of Health Services (ADHS) to deliver or arrange for behavioral health services for eligible persons within specific geographic areas.
5. **Tribal Regional Behavioral Health Authority (TRBHA)** – a Native American Indian tribe under contract with the ADHS to deliver or arrange for behavioral health services for eligible persons who are residents of the federally recognized Tribal Nation.
